Attn: Paul Workman

**Re: Parker Pointe Annexation, Case # ANX17-008**

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the plans for **Parker Pointe Annexation**. Please be advised that Public Service Company has existing high-pressure natural gas distribution line along Stroh Road. **PSCo is requesting that the Town of Parker send us notification after approval of the proposed annexation has been finalized.** This notification should be sent to **Sandi Cardenas** (303-571-3635) at: sandra.cardenas@xcelenergy.com or Xcel Energy, 1123 West 3<sup>rd</sup> Avenue, Denver, Colorado 80223. This will allow our mapping department to make the necessary updates to our mapping system.

The property owner/developer/contractor must complete the **application process** for any new natural gas service or modification to existing facilities via FastApp-Fax-Email-USPS (go to: [https://www.xcelenergy.com/start\\_stop\\_transfer/new\\_construction\\_service\\_activation\\_for\\_builders](https://www.xcelenergy.com/start_stop_transfer/new_construction_service_activation_for_builders)). It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details. Additional easements may need to be acquired by separate document for new facilities.

As a safety precaution, PSCo would like to remind the developer to call the **Utility Notification Center** at 1-800-922-1987 to have all utilities located prior to any construction.

If you have any questions about this referral response, please contact me at (303) 571-3306.
