*Via email*

**Subject:** MHFD Review Comments

**Re:** Douglas 234 F6 AMD 1 L4 - Dunkin Donuts – Referral (SP22-041)

This letter is in response to the request for our comments concerning the referenced project. We have reviewed this referral only as it relates to an MHFD drainageway and for maintenance eligibility of storm drainage features, in this case:

- Not applicable

MHFD staff have no comments to offer on the referenced project as the proposed project would not directly impact a major drainageway and does not include any proposed storm drainage features that would be considered for maintenance eligibility. Additionally, the site is not located in nor adjacent to a mapped floodplain and does not include any recommended master plan improvements. We do not need to review future submittals for the referenced project.

We appreciate the opportunity to review this proposal. Please feel free to contact me with any questions.

Sincerely,

**Laura Hinds, P.E.**

Project Engineer, Mile High Flood District
