Re: Crown Point F1 A20 L4E - Land of Sushi, Case # SP23-006

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the site plan for **Crown Point F1 A20 L4E - Land of Sushi**. Please be aware PSCo owns and operates existing natural gas distribution facilities along the north property line. The property owner/developer/contractor must complete the application process for any new natural gas service, or modification to existing facilities via xcelenergy.com/InstallAndConnect. It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details.

If additional easements need to be acquired by separate PSCo document, a Right-of-Way Agent will need to be contacted.

As a safety precaution, PSCo would like to remind the developer to contact Colorado 811 for utility locates prior to construction.
