**Re: Parker Central Area F5 L2 B1 - McDonalds, Case # SP24-012**

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the site plan for **Parker Central Area F5 L2 B1 - McDonalds**. Please be aware PSCo owns and operates existing natural gas distribution facilities along a portion of South Parker Road and gas service to the building, and requests that these are shown on the plan.

The property owner/developer/contractor must complete the application process for any new natural gas service, or modification to any of the existing facilities *including relocation and/or removal* via [xcelenergy.com/InstallAndConnect](https://www.xcelenergy.com/InstallAndConnect). It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details.

If additional easements need to be acquired by separate PSCo document, a Right-of-Way Agent will need to be contacted by the Designer.

As a safety precaution, PSCo would like to remind the developer to call the Utility Notification Center by dialing 811 for utility locates prior to construction.
