

UDFCD Maintenance Eligibility Program Referral Review Comments

Project: **Crown Point Filing 1**

Stream: **Tributary D to Cherry Creek in Cottonwood Area**

This letter is in response to your request for our comments concerning the referenced project. We appreciate the opportunity to review this proposal. We have reviewed this proposal only as it relates to major drainage features, in this case Tributary D to Cherry Creek. We have the following comments to offer:

1. We have no objection to the concept.
2. This project is adjacent to the Tributary D to Cherry Creek (*Cottonwood Area of Parker OSP* by Farnsworth & Polk, 2001) therefore please submit this project for MEP if outfall to the tributary is considered.
3. We would appreciate the opportunity to review the drainage report and construction plans as they become available.

Please feel free to contact me with any questions or concerns.

Thank you,

Joanna Czarnecka, EI, CFM
