Re: Compark Village South Filing No. 2, Amendment No. 1 – Case # SUB16-035

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the final plat for **Compark Village South Filing No. 2, Amendment No. 1**, acknowledges the changes made to the plat, and requests that the following language or plat note be added to the preliminary and final plats for the subdivision:

Permanent structures, improvements, objects, buildings, wells, water meters and other objects that may interfere with the utility facilities or use thereof (Interfering Objects) shall not be permitted within said utility easements and the utility providers, as grantees, may remove any Interfering Objects at no cost to such grantees, including, without limitation, vegetation. Public Service Company of Colorado (PSCo) and its successors reserve the right to require additional easements and to require the property owner to grant PSCo an easement on its standard form.

The property owner/developer/contractor must contact the **Builder's Call** Line at 1-800-628-2121 or <https://xcelenergy.force.com/FastApp> (register so you can track your application) and complete the application process for any new gas or electric service, or modification to existing facilities including relocation and/or removal. It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details.

This Amendment appears to assume that the existing natural gas main will have been relocated and/or removed, and a quitclaim deed for the PSCo easement recorded at Book 926 page 160 in Douglas County will have already been executed and recorded (see Case No. SUB16-034). Additional easements may need to be acquired by separate document for new facilities.

As a safety precaution, PSCo would like to remind the developer to call the **Utility Notification Center** at 1 800-922-1987 for utility locates prior to construction.

If you have any questions about this referral response, please contact me at (303) 571-3306.
