**Re: Parker Pointe Rezone, Case # Z17-024**

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the request for the **Parker Pointe Rezone**. Public Service Company has no objection to this proposed rezone, contingent upon PSCo's ability to maintain all existing rights and this amendment should not hinder our ability for future expansion, including all present and any future accommodations for natural gas transmission and electric transmission related facilities.

As the project progresses, the property owner/developer/contractor must complete the **application process** for any new natural gas service via FastApp-Fax-Email-USPS (go to:

[https://www.xcelenergy.com/start\\_stop\\_transfer/new\\_construction\\_service\\_activation\\_for\\_builders](https://www.xcelenergy.com/start_stop_transfer/new_construction_service_activation_for_builders)). It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details. Additional easements may need to be acquired by separate document for new facilities.

As a safety precaution, PSCo would like to remind the developer to call the **Utility Notification Center** at 1-800-922-1987 to have all utilities located prior to any construction.

If you have any questions about this referral response, please contact me at (303) 571-3306.
